Summary of Revisions

2026 QCTC Bylaws

November 9, 2026

Article II – Section 1

- Remove “skills and drills”

We have not done this on a consistent basis for a few years, if ever, so plan to remove it.

Article II – Section 2

- Add “hereafter referred to as QCPOA

Added for simplicity, will not note this change from this point on.

Article III –Section 2-a

- Reword sentence to: A player membership is designated as those who may actively participate in QCTC organized tennis activities, social events, clinics and tournaments.

Changed for simplicity.

Article III –Section 2-b

- Reword to: A social membership/member is not allowed to play in organized tennis activities, clinics, or tournaments and chooses to only attend social activities. Guests of a playing or social member may attend a function for a fee determined by the Social Committee Chair. Fees are dependent upon the event and may differ in amount from event to event. All fees associated with the non-member guest will be the responsibility of the sponsoring member. Social members are non-voting members.

Changed for simplicity. Do not see reason to allow only one social member per year; a social member should be able to bring a guest for a fee.

Article III –Section 4-a (changed)

Annual dues period revised from October 31 to October 30th each year to January 1st to December 31st annually.

Article III-Section 4 b (changed)

Member will be considered delinquent if dues are not paid by January 15th resulting in termination of membership.

Article III –Section 4-d (added)

- Add item: D. The QCTC will send a notice to all current members informing them of annual renewal dues payment by December 1st each year.

Added to clear up deadline for membership dues.

Article IV –Section 2

- Reword second sentence to: The Board will oversee, review and approve programs and measures for the club's growth and development.

Added for clarification.

Article IV –Section 3

- Remove entire section.

This information is covered in Article XIII-Section 2-a, remove due to redundancy.

Add new Article IV –Section 4

- Replace entire section with: "The Board shell not engage in employment on behalf of the QCTC. The Board may engage contract work as needed for specific tasks.

The tennis club does not have employees, add new section to clarify information about employees/contracted work.

Article V –Section 1-a

- Remove entire section.

The QCTC does not have employees.

Article VI –Section 1-c

Reword section to:

- The President shall appoint two board members to form a Nominating Committee. The President shall request three volunteers from the general membership to serve on the Nominating Committee. If more than three members volunteer, the first three volunteers will be selected for the committee. If there are no volunteers, the appointed Board members shall constitute the entire Nomination Committee.

Changed section to eliminate lottery requirements if more than three members volunteer. Also eliminated requirement to post communications in the Kiosk. This will be for all areas of the bylaws. Only electronic communication is required.

Article VI –Section 1-d

- Remove "The slate presented shall maintain a three to four (3:4), or four to three (4:3), ratio of men to women." And "Nominees are required to be active/playing members of QCTC who reside full-time in Quail Creek.

Removed because putting limitations on the ratio of men to women is to cumbersome to fill positions, we can still strive for a mix of a men and women. The second item was removed because it contradicted with other requirements for candidates.

Article VI-Section 1-f

Removed requirement for posting in the Kiosk.

Article VIII Section 3-b

Removed requirement to post annual meetings in the Kiosk.

Article VIII Section 4-d

Removed requirement to post annual meetings in the Kiosk.

Article XII –Section 3-a

- Remove entire section.

There should be no club membership requirement to report a violation of conduct from a tennis club member.

Article XII –Section 3-a-2

- Remove entire section.

There is no reason a violation of conduct should have to occur more than once, especially if the violation is egregious.

Article XII –Section 3-d

- Replace "unanimous" with "majority" in the entire section.

A unanimous vote would be too hard to achieve.

Article XII –Section 3-d-3

- Reword sentence to be: If a guilty decision is reached by a majority the board will decide the appropriate disciplinary action for the code of conduct violation.

Reworded for clarification.
